

Veterinary Pharmaceutical Solutions and Diamond Animal Health are sister companies

Job Title: Accountant

Company Name: Veterinary Solutions Holdings

Location: St. Peter, MN (Onsite / Hybrid)

Reports to: Controller

Classification: Exempt

About Us: Veterinary Solutions Holdings is a combination of two leading animal health companies in Veterinary Pharmaceutical Solutions (VPS) and Diamond Animal Health.

Established in 1952, Diamond Animal Health is a leader in contract manufacturing of animal pharmaceuticals and vaccines. Based in Des Moines, Iowa, the company operates a USDA, FDA, and DEA-approved facility, offering comprehensive services such as Research and Development, Regulatory and Licensing Approvals, Contract Manufacturing, and Logistics. To learn more about Diamond Animal Health, visit www.diamondanimalhealth.com.

Veterinary Pharmaceutical Solutions (VPS) is a Minnesota-based licensed pharmacy that provides animal health products and services to the veterinary community. VPS has treated over two billion pigs with compounded solutions that include Water-Soluble Amoxicillin, Meloxicam, Ibuprofen and more. VPS creates custom medications tailored to the needs of an individual animal or a small group of animals, all under the direct care of a veterinarian. Founded in 1995, VPS has a rich legacy rooted in four generations of family pharmacists who served their local community for over a century.
