

HEALICIN™ ABF

Healicin ABF is an antibiotic-free and steroid-free nutritive spray cream from Veterinary Pharmaceutical Solutions (VPS). Formulated to be moisturizing and non-irritating, Healicin ABF supports healthy skin in animals.*

Healicin ABF has been field-tested on injuries such as shoulder sores, tail bites, feet and leg injuries, castration incisions and bacterial skin infections. In a 2024 study across multiple farms, 79% of sows treated with Healicin ABF showed improved wound surface area, while only 38% of sows treated with iodine and lidocaine—the industry-standard treatment—showed improvement.¹ Healicin ABF is available without a veterinarian prescription.

- **Average dose:** 1.5 mL
- **Available sizes:** Pint or gallon
- **Withdrawal period:** No withdrawal
- **Product details:**
 - Pint bottles come with spray nozzle
 - Blue dye included for visibility
