

COMPOUNDED SOLUBLE MELOXICAM

Meloxicam is a non-steroidal, anti-inflammatory drug (NSAID). Patented by Veterinary Pharmaceutical Solutions (VPS), it is a prescription-strength, anti-inflammatory and anti-pyretic (fever reducer). It is only available through veterinarians. In Europe¹ and Canada², the active ingredient is labeled for the treatment of lameness and for the relief of post-operative pain associated with minor tissue surgery, such as castration and tail docking.

MELOXICAM

Soluble

- **Concentration:** 0.6% (6 mg/mL)
- **Available sizes:** Pint or gallon
