

## COMPOUNDED MENDICIN™

Mendicin is a unique and patent-pending topical ointment from Veterinary Pharmaceutical Solutions (VPS) that provides a natural polymer suspension with antibiotics. Mendicin contains two active ingredients: Neomycin and Bacitracin. Mendicin applies and adheres as a matrix to open wounds, such as shoulder sores, feet and surgical castration and is formulated to be moisturizing and non-irritating!

- **Active ingredients:**
  - Bacitracin: Widely used polypeptide antibiotic against gram-positive bacteria
  - Neomycin: Often used to treat superficial infections from *Staphylococci* and gram-negative *Bacilli*
- **Average dose:** 1.5 mL
- **Available sizes:** Pint
- **Product details:**
  - One pump doser per five bottles purchased
  - Dye included for visibility
- **Withdrawal period:** 7 days
