

# HEALICIN™ ABF

Healicin ABF is a non-prescription, antibiotic-free and steroid-free nutritive spray cream that delivers proven wound improvement in swine, outperforming industry-standard treatments.\*

Healicin ABF is a novel pharmaceutical solution that contains dye for easier identification, a coating effect to optimize coverage, and a flavor deterrent to address tail-biting and vices in finishing barns. In a 2024 multi-farm study, 79% of sows treated with Healicin ABF showed wound improvement, compared to only 38% with iodine/lidocaine spray.<sup>1</sup> Healicin ABF is available without a veterinarian prescription.

- **Average dose:** 1.5 mL
- **Available sizes:** Pint or gallon
- **Product details:**
